

To Whom It May Concern,

I am writing to share my endorsement of Abigail Hager, with whom I have had the pleasure of working for the past three years at Mt. Carmel Area Elementary School. Having known Abigail for 20 years, I have witnessed her growth into a responsible and dedicated educator, demonstrating a profound commitment to her students' welfare and learning.

From an early age, Abigail exhibited a natural affinity for working with children. Her patience and understanding enable her to effectively support the diverse learning needs of her students. She has taken numerous steps to prepare for her teaching career, including several babysitting roles, tutoring, earning a degree in education from Bloomsburg University, and completing her student teaching at Central Columbia Area School District. Subsequently, Miss Hager joined the Mt. Carmel Area School District, where she began her teaching career in a Kindergarten classroom.

Abigail excels in fostering a positive classroom environment, characterized by clear expectations and standards. Her patience, enthusiasm, and pleasant demeanor contribute greatly to the learning atmosphere. She consistently demonstrates poise, confidence, dependability, and creativity in her role.

Throughout the years, she has remained well-prepared, delivering age-appropriate lessons that cater to the varying learning styles of her students. She effectively integrates technology into her teaching, utilizing the smart board with minimal instruction. Her level of professionalism is commendable, and she handles all her responsibilities as a teacher with great skill.

Furthermore, she has shown remarkable flexibility in adapting lessons to meet changing schedules. She actively seeks feedback and engages in self-reflection to enhance her teaching practices. Her education at Bloomsburg University, combined with her practical experience, has equipped her to be a successful educator.

In conclusion, I wholeheartedly believe that Abigail embodies the qualities of a dedicated and empathetic professional. She is reliable, motivated, and attuned to the needs of her students. Miss Hager's positive attitude, commitment, and professionalism would undoubtedly be an asset to any school district.

Sincerely,

Lori Heath
